

TRANSMITTER

If we assign a wish to the **TRANSMITTER**, it will create an energy of manifestation. The user very quickly recognizes the path or options for its fulfillment.

For manifestation write your wishes on a piece of paper and place it underneath the TRANSMITTER. Primarily, you can also hold the TRANSMITTER (along with the AMPLIFIER) to the heart, in order to gain clarity about your wishes and intentions.

In combination with the AMPLIFIER, you can intensify the effect of the TRANSMITTER. Place two AMPLIFIERS on each side of the TRANSMITTER (the oblique side points away from the TRANSMITTER).
